product description: The hinged joint is used to create bends of any angle in cable trays running through cable trays.  
 The coupling is supplied by 1 piece; must be used 2 pieces for installation. The couplings to be used on the right or left side do not differ.  
 The connection is performed using the bolts NIXSM 6X10.  
 To protect the cables, the bolt head is inside the cable ladder.

material: IX - stainless steel AISI 304 (AISI 316, AISI 316L only to order)

sales amount: á 1 pc

meets the requirements: ČSN EN 61537

storage: ČSN EN 60721-3-1
